

1. Not able to safely get from greenway to mall [greenway on Edgewood]
2. Can't cross Mo. Blvd. safely. Short term put walk lights at existing traffic lights.
3. Sidewalk to MO Blvd. from Dix Rd (1 block missing) crossing lights for peds.
4. Need some way for safe travel at this interchange [179 and 50]! It has been redone 3 times and still no way to get through it safely in lots of traffic!
5. 179 – no ped/bike safe access along side this brand new highway
6. Put painted bicycle frames at strategic points/entrances to greenways. Anchor bike in cement.
7. Next locations to consider sidewalks southwest, ellis, boonville.
8. Create bicycle/ped greenway from Creek Trails (by hospital) across field to St. Marys hospital.
9. No safe way to cross 54 south of stadium.
10. Need safe passage across Route C leading to and at SW/Ellis
11. South School (kids walk in street to/from school).
12. Need crosswalk at Cap Reg. SW campus to existing greenway.
13. Bicycle racks at City Hall (2nd comment: Ditto)
14. Katy Trail JC access ability – cannot bicycle on very rough shoulder, so must be on street going up and down hill near winery on South Summit Drive. Also unsafe to walk & run.
15. Improve sidewalks on East Capitol area around prison. Make bike trail from Dunklin St. to Highway 54 MO. River bridge, by way of Bolivar St. Make Bolivar St. overpass (Hwy 50) a one way vehicle lane, with the other lane for bikes/walking.
